## 27 HURT IN TRAIN WRECK

MARSHALLTOWN, IA., April 6.—(By the Associated Press)—Twenty-seven persons were injured, three probably seriously, as the result of last night's wreck of the Minneapolis-Kansas City passenger train Number 3, on the Chicago Great Western, three miles west of this city.

Three women were among the injured. Scores of others narrowly escaped death or injury. The Chicago Great Western Passenger train carrying delegates from the Macabees convention at Waterloo, was derailed, supposedly by an open switch.

### Refuse To Confirm Hopkins' Appointment On Utilities Body

COLUMBUS, O., April 6.—(By the Associated Press)—Having refused to confirm William A. Hopkins, Democrat, of Cincinnati, to be a member of the public utilities commission to succeed Charles C. Marshall, Democrat, of Sidney, the senate today was expected to adopt Governor Donahoe's recommendation to "make the utilities commission function properly."

The house of representatives yesterday adopted the governor's recommendation which were embodied in a bill introduced by Representative Lipp, Republican, of Cincinnati, after a majority caucus agreement to carry out the governor's recommendations on the commission.

These recommendations were that the commission be required to file written decisions in all contested rate cases, setting forth reasons for its findings and to authorize the commission when practical, to hold its hearings in such contested cases in the community affected. In increased appropriations for the commission, which also were asked by Governor Donahoe are carried in the general appropriations bill.

### Donahey Asks For Funds For Workmen's Compensation

COLUMBUS, O., April 6.—(By the Associated Press)—With the general appropriations bill before a joint conference committee to work out differences between the house and senate and various appropriations, Governor Donahoe, in a message to the assembly last night, asked that adequate funds be provided to operate the workmen's compensation division of the department of industrial relations. He called attention to the fact that the senate had allowed only \$357,500 for the department against its request for \$430,000. The house had allowed \$355,770.

Governor Donahoe said he did not mean to ask that all which the department had requested be allowed, but that "ample funds be provided to safeguard our workmen's compensation system from its enemies who still are seeking to destroy it."

The senate last night passed the deficiency bill carrying over \$500,000 and the house received and passed the sundry claims bill which carries \$241,766. Among claims allowed in the bill are those of various coal companies which furnished coal to state institutions during the fall of 1921, but payment for which was enjoined by courts because contracts had been illegally let. Interest at five per cent also is allowed on the claims.

### Black mail In The Klan Charged By Simmons

ATLANTA, GA., April 6.—(By the Associated Press)—Internal affairs of the Knights of the Ku Klux Klan continue in uncertain status while the court of Judge E. D. Thomas is occupied with arguments of counsel on the order of Judge Thomas that W. J. Simmons, emperor of the Klan, show cause why injunctions brought by him and his supporters last Monday should not be dismissed. The injunction sought to displace Dr. H. W. Evans from the office of Imperial Wizard, executive head of the Klan.

At the same time the court is confronted by an amendment to the original injunction which charges that Evans and F. L. Savage, his chief of staff, appropriated Klan funds for their personal use. The amendment was filed late yesterday by J. V. Poole of counsel for Simmons.

The third feature of interest to the membership centers in the statement of Emperor Simmons issued last night which charged that the Klan under its present administration, has become a government by blackmail. The emperor denied that "a lust for power or a lust for money, or for both" caused him to assert his rights to govern the organization which he had founded, as he said had been alleged by the opposing faction.

Simmons declared he intended to see that "monies coming into the treasury of the organization, shall no longer be diverted to the purpose of blackmailing klansmen." He charged that paid spies were being maintained by the present administration within the Klaverns of every organized Klan in the nation to report on the conduct and utterances of klansmen. During March, he said, more than \$85,000 had been drawn from the treasury to pay expenses of that department.

### Bomb Wrecks Paper Office

CHICAGO, April 6.—(By the Associated Press)—Explosion of a bomb wrecked the publication office of the Dawn, Ku Klux Klan organ, last night. Twenty minutes later another bomb partly damaged the office of F. W. Gilliland, a roofer, who said he had advertised in the Klan paper. The two explosions, police said, probably were set off by the same persons.

Soon after the bombing police telephoned advertisers of the Dawn to warn them of possible bombing.

Edwin J. Parker, publisher of Dawn, said he had been receiving threatening letters.

"Only two days ago I received a telephone call warning me that my printing establishment and my home would be blown up," he said. Police were assigned to guard Parker's home.

### New York Nears 6 Million Mark

WASHINGTON April 6.—(By the Associated Press)—Several changes in the relative size of the larger American cities are indicated by new census bureau figures prepared on the assumption that the growth conditions prevailing in 1920 in the various localities are continuing.

The new estimates show that eight of the fifty largest cities have replaced their nearest rivals and that two have been shoved out of the fifty largest class. New York is shown to be approaching closely the 6,000,000 mark. Chicago is not far from the 3,000,000 mark, Philadelphia is nearing 2,000,000 and Detroit is nearing 1,000,000. There have been no changes in the rank of the first six largest cities.

Baltimore has gone ahead of Boston and now ranks as seventh largest city of the country. Los Angeles has passed Pittsburgh and taken ninth rank. San Francisco has grown larger than Buffalo and goes into eleventh place. Minneapolis has grown larger than two cities, Cincinnati and New Orleans, and now is 10th. Columbus, Ohio, has passed Providence, and now ranks 27th; Birmingham, San Antonio, and Dallas also have forged ahead in the table of relative size.

The estimates of probable totals as of July 1, 1923, include:

New York	5,927,625
Chicago	2,886,121
Philadelphia	1,922,758
Detroit	995,068

### Harding Not To Be Dragged Into The Open Shop Fight

BY DAVID LAWRENCE  
(Copyright 1923 By The Portsmouth Times)

WASHINGTON, April 6.—Efforts to make the "open shop" an issue of the 1924 presidential campaign, will fail—and for the very conclusive reason that President Harding will not be drawn into the controversy.

Samuel Gompers, president of the American Federation of Labor, who summoned the Washington correspondents to his office to take a fling at dispatches sent from the scene of the presidential vacation, "made it clear that so far as he is given to understand Mr. Harding has not expressed himself on the subject. Mr. Gompers heard not only through the newspapers, but through other sources, however, that a good deal of argument in favor of the "open shop" side of industrial warfare was being poured into the ears of Mr. Harding in the hope that he would slant his campaign toward the employers and thus assure himself of the solid support of big business in his next campaign.

The president has ever since his administration began been the recipient of letters and oral arguments relating to the controversies between labor and capital, but except comments made in connection with last summer's rail strike, he has carefully balanced every utterance so that neither side could take offense. Mr. Harding did lose some of the support of the extremists on the employer side when he favored acceptance by the railroad executives of the proposal that strikers be taken back without loss of seniority rights and this to some extent accounts for the movement on the part of those friends of the president who think he can recover lost ground by making some positive statements on his western trip which will express displeasure over the attitude of labor in recent strikes affecting the public welfare.

Mr. Harding is not a newcomer in politics—having spent many years on the practical side of campaigns and he knows the delicacy of the labor question as it affects votes. No president in the last generation has made an open campaign against labor although the latter has on more than one occasion endorsed one or the other of the candidates. There is much uncertainty, however, even among politicians as to the power of the labor vote for in those campaigns where it is said to have been wielded as a unit for a presidential candidate, the latter has not always been the winner. In the last campaign notwithstanding the friendliness of (Continued On Page Three)

### Famous Hotel Is Destroyed

HOT SPRINGS, ARK., April 6.—(By the Associated Press)—The famous Arlington Hotel was destroyed by fire late yesterday with an estimated property loss of \$1,500,000, partly covered by \$500,000 insurance.

One man was killed and two seriously injured while working in the debris after the fire was brought under control.

Three hundred guests and employees of the hotel lost their clothing and other possessions, although except a few who were overcome by the blowing smoke, none was injured. The weather was rainy and many of the guests still were enjoying outdoor recreation when the fire was discovered.

### Foster Jury Disagrees

ST. JOSEPH, MO., April 6.—(By the Associated Press)—Not once in 24 hours and fifteen minutes of deliberation did the jurors in the trial of William Z. Foster, of Chicago, charged with criminal syndicalism, waver from the stand taken on their first ballot, voting each time six for acquittal and six for conviction from about 10 o'clock Wednesday morning until five o'clock yesterday afternoon, when the jury was dismissed, hopelessly deadlocked.

Inability of the jurors to agree was regarded as a victory by Foster. Frank P. Walsh, his counsel, issued a statement thinking the jurors, but said the defense was slightly disappointed because it had expected a verdict of acquittal.

Foster was tried for attending the communist party convention near here last August. The organization is alleged by the state to advocate violence and force in social and industrial revolution.

The defense counsel and Foster denied any connection with the party.

### Nearly Caught Mail Bandit

ATHENS, GA., April 6.—(By the Associated Press)—With his feet propped against a brass rail beside the boiler in the basement of the hospital from which he was thought to have escaped on Wednesday night, Gerald Chapman, leader of the million dollar mail robbery in New York thirty-one months ago was nearly captured today by Harry Bishop, a guard from the Atlanta penitentiary. Bishop, in giving attention to Miss Estelle Scott, a nurse who accompanied him when the discovery was made, and who thereupon fainted, told Chapman to go back to his room. A few minutes later, however, when Miss Scott had been revived, Bishop was unable to find the missing criminal. An immediate search was instituted but brought no results.

Chapman escaped from his room Wednesday in a suit of clothes belonging to his guard when the guard had stepped out for a moment. He was recuperating from gun shot wounds received when he was captured near here last week after a sensational escape from the Atlanta federal penitentiary.

### Educators In Session

COLUMBUS, O., April 6.—(By the Associated Press)—A series of sectional meetings, with a general session tonight open to the public, constitute today's program of the third Ohio Educational Conference at Ohio State University.

### Stabbed With A Butcher Knife

NEW YORK, April 6.—(By the Associated Press)—Miss Bessie McMahon, of Buffalo, N. Y., and Mrs. Irene Blandino, of Jersey City, N. J., were found murdered with their throats cut, along an isolated roadside at Dougan Hills, Staten Island, early today. The police believe they were murdered elsewhere and their bodies thrown from an ambulance.

A milk man discovered the bodies. Both girls were well dressed.

The bodies were found on each side of a road in an isolated section. There are few houses in the neighborhood and the roadside is covered with brush. One of the girls had an artificial limb.

The police recalled that the section had been marked by bootlegging activities during the past winter. A small creek which runs near the roadside, in addition to their throats being cut, a stab wound was found in the back of each girl.

A receipted bill for a cork leg made out to Mrs. Irene Blandino, Jersey City, was found in a fur coat worn by one of the girls. One girl was a blonde, the other had red hair.

The girls had been dead from four to five hours when found, according to physicians. There were no signs of a struggle at the roadside.

The receipt was issued by John N. Escher, New York artificial limb manufacturer.

Escher said Mrs. Blandino had told him that she was married four years ago when she was 15 years old. Her husband, a barber in Jersey City, told him last week, he said, that he had gone into the saloon business in Jersey City.

Mrs. Blandino's throat bore three separate wounds and there was a long slash in her back.

The body of Miss McMahon also bore wounds on the back in addition to those at the throat.

The slayer's weapon, a long, thin, bladed butcher knife, known as a trimmer, was found in a clump of bushes a few feet from the bodies.

Detectives who went to Blandino's barber shop, found him out. An assistant told the police that Blandino had been perturbed because his wife and Miss McMahon had been absent all night.

When Blandino returned a short time later, both he and the assistant, Brogario DiLorenzo were taken to headquarters for questioning.

DiLorenzo said Mrs. Blandino and Miss McMahon went out about 8:00 o'clock last night, a short time after Blandino had left the house.

Blandino had gone out, he said, at the request of his barber shop partner, whom DiLorenzo knew only as "Nick" to take charge for a few hours of "Nick's" saloon.

Mrs. Blandino and Miss McMahon frequently were seen about Jersey City dance halls, the police said they had learned.

The medical examiner said the young woman identified as Miss McMahon wore a wedding ring. He believed her to be about 18 and added that she was one of the most beautiful girls he had ever seen.

### Normal Business Conditions Being Reached, Says Mellon

WASHINGTON, April 6.—Declarations were made in two official quarters today that general business conditions throughout the east were nearly normal. The central and western parts of the United States were said at the time, to be making rapid strides towards recovery and the prediction was offered that those sections soon would be in better condition than at any time since the prosperity incident to the war.

Secretary Mellon asserted, on returning from his first vacation since he became head of the Treasury, that "the industrial and financial situation in the east appeared very satisfactory." His trip included visits to several important centers and in all of these he reported he found renewed evidence of prosperity and optimism concerning the future.

The Federal Reserve Board declared in its official monthly bulletin, issued later in the day, that continued active business conditions in every section were shown by the maintenance of a high rate of industrial production. Along with this, the bulletin said, there had been increases in freight traffic and employment on a larger volume of wholesale and retail sales.

**Few Commercial Failures.**

The bulletin also called attention to the unusually low number of commercial failures reported in February, which, according to its figures, was the smallest since September, 1920. The total number of failures, the report showed, was 44 per cent less than in February 1922, and 54 per cent below the record reached in December 1921, near the height of the readjustment process through which the country went.

Some concern has been expressed by Government officials recently regarding marked tendencies towards inflation but these were discounted by the Treasury secretary. He said that while there undoubtedly was some speculation, as is true always during periods of prosperity and expansion, it need not be considered dangerous.

**Views Are Supported.**

Mr. Mellon's views on this phase of the situation were substantiated by the bulletin which reported little increase in the borrowings from the Federal Reserve Banks. Commercial banks which are members of the reserve system, however, have greatly increased their loans and investments. The total of the two items of assets a few weeks ago was something like \$25,700,000,000, whereas the highest point reached by loans and investments at the peak of the 1920 expansion was only four hundred million dollars greater.

**Build Up Bank Reserve.**

It was explained by the bulletin that continued gold imports have acted to build up the reserves of commercial banks, permit them to maintain a low indebtedness to the reserve banks and at the same time allow them to make new loans to their customers without calling on the redemption privileges of the Reserve Banks. The Reserve Board regarded it as important to know that the commercial banks, with the continued flow of gold, could meet the extraordinary requirements without calling on the reserve banks for additional accommodations.

**Gold May Be Exported.**

This statement was accepted as a desire by the Reserve Board to call the attention of the commercial banks to prepare for the time when the steady stream of gold cannot longer be counted on or when exports of gold may actually take place. No reference was made, however, to any expectation of an immediate turn in the tide of gold.

### TELLS DYSPEPTICS WHAT TO EAT

Avoid Indigestion, Sour Acid Stomach, Heartburn, Gas on Stomach, Etc.

Indigestion and practically all forms of stomach trouble, say medical authorities are due nine times out of ten to an excess of hydrochloric acid in the stomach. "Chronic acid stomach" is exceedingly dangerous and suffers should be treated with care.

Butter they can go on a limited and often disagreeable diet, avoiding foods that disagree with them, that irritate the stomach and lead to excess acid secretion or they can eat as they please and make it a job to counteract the effect of the harmful acid and prevent the formation of gas, sourness or premature fermentation by the use of a little liquidated Masticine at their meals.

There is probably no better, safer or more reliable stomachic than liquidated Masticine and it is widely used for this purpose. It has no direct effect on the stomach and is not a detergent, but a powerful solvent of the power of a couple of two grain tablets taken in a little water with the food will neutralize the excess activity which may be present and prevent the further formation. This removes the whole cause of the trouble and the food digests naturally and healthfully without need of potent pills or drastic treatments.

Get a few copies of liquidated Masticine from any reliable druggist. Ask for a "stomachic" or "tablet." It moves easily as a liquid, milk or orange and in the liquid form is not a detergent. Try this and you will find what you want. It is not a secret and you can see it in the bottle and you can see it in the bottle.

### Indian Oil Leases Bring Fortune

PAWUSKA, OKLA., April 6.—(By the Associated Press).—Leases on 148 tracts of Osage Indian lands were bought in by oil men at the 21st Osage lease sale here today for a total of \$8,200,100.

Ten 160 acre tracts located in the Burbank pool sold for a total of \$7,577,000.

Four sales netted more than a million dollars each, the highest price being paid by Walter Phillips, who bid \$1,325,000 for a lease of 100 acres.

PAWUSKA, OKLA., April 6.—The Constantine theater in Pawhuska, a little movie house was today a gathering place for a land auction of much importance to oil men of the country.

Thirty-two thousand acres of land were being offered for lease tract by tract, to heap more into the overflowing strong boxes and the swell bank accounts of the Osages, the richest Aborigines in the world. As the sales mounted during the day belief was expressed by Indian agency officials and oil men that the \$10,887,000 record auction of June last year might be bettered.

The twenty sales prior to today brought into the treasury of the Osages a total of \$68,715,976.

Colonel E. Walter has conducted all the Osage sales, since the first in 1912. Little jumps up of the bidding scale at a hundred thousand dollars a clip nothing to him. In monotonous terms he calls "what am I offered, nine hundred thousand dollars, who'll make it a million," and so on.

The composure of the silent oil kings as they spend a million or more with a slight nod of their head is the wonder of the visitor. The heavy bidders sit about the house studying maps, faces masked like images, and when pointed to by the auctioneer nod if they decide to bid the price called for.

Not all the tracts fall in the millionaire class. Most of them go for amounts under \$100,000. The smallest bid accepted for any tract is \$500.

Representatives of Huntington, Ceredo-Kenova, Callettsburg, Ashland, Ironton and Portsmouth high schools will meet at Ashland Saturday morning at ten o'clock to arrange preliminaries for the tri-state field meet, which is scheduled to be held in Ashland, sometime in May.

Coach Charlton Davies, of the I. H. S. track team will be Ironton's representative at the session.

The work on the cinder path at Beechwood is going forward, and it is likely that it will be completed within a short time. This will give Ironton one of the best tracks in this section of the country.—Ironton Register.

### Enters Store; Shoots Official

NEW CASTLE, PA., April 6.—Entering the Dufford Furniture Store here this afternoon, Mrs. Josephine Best, a young widow shot and seriously wounded Carl H. Dufford, secretary and treasurer of the company. She then calmly waited for the police after the revolver had been snatched from her hand by Berne Dufford, the man's brother. Questioned regarding the shooting Mrs. Best who formerly was employed as a stenographer for the furniture company, declared, police say, that she shot Dufford when he attempted to end their relationship. Dufford's condition is regarded as critical.

When Mrs. Best entered the furniture store she walked direct to Dufford. Two shots were fired, the first going wild. The second struck him in the back. He fell to the floor and an instant later the revolver was taken from the woman's hand. No words were exchanged before the shooting, the police were told.

Mrs. Best has two small children. She left the employ of the furniture company about a year ago. Police learned that she purchased a revolver a short time before the shooting.

WASHINGTON, April 6.—Present prices of sugar were laid wholly at the door of the refiners today by acting Chairman Smoot of the Senate finance committee, who issued a statement declaring the refining interests hoped to get a tariff low enough to destroy the American producing industry and bring the control of every pound of the commodity into their hands.

Senator Smoot said he hoped for an early investigation of sugar prices and suggested that the tariff commission call as its first witness Senator Simmons of North Carolina, who is the ranking Democrat on the committee and who has blamed the tariff for the present situation.

### Chilliothe Seeks Workhouse

CHILLICOTHE, April 6.—At the request of Probate Judge Elijah Cutright, Jr., who advised the board that he had some important cases in which he desired to use it, the county commissioners will make an effort to secure a new contract with some workhouse. The officials had a conference yesterday and the board instructed Auditor Weaver to write to Xenia and Columbus and ascertain what can be done.

The county had a contract with the city of Dayton, but it developed by a court decision that, because the workhouse was outside the city limits of Dayton, it was illegal to send prisoners, and several who went over from here out on habeas corpus proceedings. Since that time the United States supreme court also gave a decision which makes it illegal to send prisoners to a workhouse for misdemeanors without a jury trial.

Judge Cutright, however, believes that this matter can be adjusted by the declined to state what the important cases are that he has in mind but it is possible that they pertain to non-support matters with which his court is burdened.

### New charm envelopes Suits for Spring in smart Printz models

Suits enjoy greater prominence this spring than for several seasons past. The reason is not hard to find when you see our showing of Printz models.

For Printz designers have put a new degree of dash and chic into the always necessary suit. Utility is given a dress of refreshing smartness.

Developed in a wide variety of fabrics, they follow two general types. Sport suits are more captivating than ever, smartly tailored and so practical. Suits for dressier wear follow the long, slender lines which impart a graciously youthful look. The three-piece suit is decidedly voguish this spring and because of its charm and utility will be the choice of many. All Printz three-piece suits have an added feature in that they are designed to be put on and off like a coat.

Among the new models of Printz suits, coats and dresses which we are showing, you will find "personalized" styles which are correctly designed for you. Every Printz garment is designed and tailored for certain figure types.

We are hoping for the pleasure of presenting these styles to you and will gladly assist you in selecting a model that perfectly becomes your figure and enhances your personality. You will find a complete stock of costume accessories also. Spring values are very special, the prices will appeal to you.

Our various lines of suits are priced from \$25.00 and upward. Our coats and capes are priced from \$12.50 and upward. Our dresses are priced at \$12.50 and upward. Our millinery is priced from \$4.50 and upward.

## Harding

(Continued From Page One)

the Wilson administration to organized labor and the presence in the cabinet of a former vice president of the American Federation of Labor as secretary of the department of labor, the great body of laboring men are believed to have cast their votes for the Republican nominee.

Whether Mr. Harding can retain this support in the next campaign is not yet determined but it is a fact that ever since the American Federation of Labor failed to persuade Mr.

Harding to put into his cabinet one of the list they suggested, there has been intermittent hostility and Mr. Gompers is not as frequent a visitor at the White House under this administration as he was under the last.

Mr. Gompers took occasion during his interview to criticize the course of President Harding during the last rail strike. One of the reporters asked him this question:

"The administration came pretty close to declaring in favor of the open shop last summer?"

### Gompers Criticizes President

"Well, during that strike," replied Mr. Gompers, "the president secured the promise of the railway shompen to accept his proposal and said to them at the time that if they accepted, he would use the big stick, the club, upon the railroad executives, and compel them to accept it. The men accepted the president's proposal and the railroad executives rejected it, and then the big stick and club was used on the workmen."

Mr. Gompers in reply to a question said he was given to understand that "big business, bankers, railroad executives," were urging President Harding to make a declaration in favor of the "open shop" but that the only name he had mentioned in the press was that of General Charles G. Dawes, former director of the budget, and a member of President Harding's vacation party in Florida.

"Immediately after Dawes made the recommendation to the Pres-

dent," said Mr. Gompers, "organized labor in Chicago held a mass meeting and declared their support for Dewey, Democrat for mayor and the vote Tuesday indicated that they had been very important contributors to the defeat, not only of J. P. Morgan, but it was a rebuff to the open shop candidacy."

In this connection it should be stated that General Dawes did not make any announcement of the subject of his talks with Mr. Harding in Florida and that the entire basis for the newspaper phase of the controversy is a dispatch purporting to give Mr. Dawes' views as expressed to Mr. Harding but there has been no denial from the former director of the budget that he did bring these matters to Mr. Harding's attention and no denial from the presidential party, the only statement made being to the effect that the president had not taken sides in the dispute. Since Mr. Dawes left the presidential party, announcement has been made of the appointment of his brother to be controller of the currency and a member of the federal reserve board, and while it is known that the president has a high regard for the views of General Dawes, he is too experienced in political matters, according to those who know him best, to make any statement of what he thinks about the "open shop" either now or during his campaign.

### Communion Service To Be Held Sunday

Communion service will be held at the First Presbyterian Church Sunday evening at 7 o'clock. Each member of First Church is urged to attend this service.

Through a deal closed last evening, the members of Wheelersburg Methodist Episcopal church will soon be worshipping in a handsome new edifice. The property known as the Fullerton home, on Main street, with a frontage of 90 feet and a depth of 272 feet, owned by Mrs. McClellan Preston, of Paintsville, Ky., was purchased for \$7,500, and upon this site, which is considered to be one of the most desirable in the growing village, will be erected a church building to cost in the neighborhood of \$50,000, work to be started as soon as plans and specifications are completed.

The building will be of brick and the structure will be one of the most modern in this section of the country. There will be plenty of rooms for the Bible school, while the main auditorium will seat at least 1,000 people. The pastor of the church, Rev. H. A. Kirk, recognized as a strong pulpiteer, congratulated his official board upon the unanimity shown in the selection of the site. There was not a single discordant vote, which shows the congregation is thoroughly united and in splendid condition to move forward.

The announcement that Mrs. Preston, from whom the purchase of the site, was made, had made a donation of \$1,000 for the erection of the new edifice, caused all sorts of rejoicing. Mrs. Preston, who is quite wealthy, formerly lived in the property, and is a staunch member of the Methodist faith.

American Legion last night. The Legion decided to take part in the Decoration Day program by assisting in the decoration of graves of World War veterans who are buried in local cemeteries.

Commander Harold Clayton reminded members that today was the sixth anniversary of the date the United States entered the war and invited all to attend the special program held this afternoon in Legion hall by the Women's Relief Corps.

April 15 is the date set for a boat excursion to be given by the Legion on the steamer Homer Smith. Tickets for the boat ride are already on sale. The athletic committee reported several hundred dollars cleared on the boxing show held early this week and then sounded a call for baseball players who belong to the Legion. The Legion expects to put a team in the field that will meet Legion nines from nearby cities.

Two candidates, Harry Wagner and

David Aronburg were obligated and eight applications were received. A lunch of sandwiches and coffee was followed by a smoker at the close of the meeting.

ABRAHAM, THE HEART OF FAITH

By Rev. Chas. Reinhard

Abraham was a Babylonian, the son of Terah, who was a descendant of Shem. He was the holy city of the Chaldeans, the center of their worship; there the greatest immoralities were fostered by that heathenish religion.

Upon the death of Abram's father God called him at the age of seventy-five, to go out from his kindred and his father's house into the land that was to be shown him. God gave him the promise of great blessings, and in him were all the families of the earth to be blessed.

With his wife and Lot, and with all substance they had gathered, they went into the land of Canaan.

The fact that the first thing Abram did was to erect an altar and take possession of the land in the name of the Lord, gives us an insight into his character.

God selected Abram to be the founder of a great nation because he knew him; he could be depended upon; he had great faith, and would govern his household.

Abram was compelled to cut loose from the idolatrous influences of his own country and go where he could bring up his family in the fear and love of the living God.

Some of the outstanding lessons in Abraham's life are as follows:

1. He was usable.—Many men have knowledge and courage and initiative who are headstrong; they cannot be used, not understanding the value of teamwork they will not be shown their lack of humility; with them the ego is most prominent.

Here we find a man who was better than his environment; he arose above the teaching of the heathen religion. He permitted God to use him in His own way.

2. Abraham had great capacity for faith. He is known as the "Father of the faithful;" faith is the motive power that rules the world; faith is needed in business and in the home; take faith out of the home and that institution will go to pieces. Society without faith will become chaotic. Love makes the world beautiful; faith makes it durable. Faith is the rock on which we build. Abraham possessed building faith.

3. Abraham trusted God; he went out into the country which he knew not of. Promises that seemed doubtful of fulfillment were made. Abraham and he believed. Years passed; he became an old man when at ninety-nine the child of promise had not come, but he still trusted and waited. Some things he could not understand, but he waited longer and trusted still; in due season, in the fulfillment of time, God's blessing came.

4. Not what the man did, but what he was, brought a blessing. Happy indeed is that community having men who are a blessing to society for their lives are a benediction. Just to have them around is a blessing.

Abraham was such a man in his day.

5. Abraham's house was by the side of the road; the stranger fed beneath his tent and there the weary lay down to rest.

When Lot was in trouble, he took up his cause and restored his family and his possessions to their rightful place.

He knew how to make peace; he did not consider himself. Abraham was one of those who were willing to serve God at any cost. He was willing to lay upon the altar the best thing in all the world—his son—that God might be obeyed.

Through his race came the Christ, in whom all the world is blessed. Abraham was human like the rest of us; he made mistakes; there were little eddies in the stream of life, but the current rolled on in the right direction.

## GIVES YOUTH LIQUOR; FINED \$300

Eva Moore, 20, Scioto Furnace young man, was convicted of violating the dry law by furnishing intoxicating liquor to Roy Rose, 12, minor son of J. A. Rose, Bloom township farmer, by Squire George S. Morgan yesterday afternoon and he was ordered to pay a fine of \$300 and costs. Moore languishes at the county jail in default of payment.

The magistrate in passing sentence scored the defendant and declared that the practice of giving intoxicating liquors to youths of tender age must stop and he promised to give all persons found to be guilty of the offense in his court a stiff sentence. Moore was taken into custody at the conclusion of a trial in Municipal court yesterday in which he pressed a peace charge against Joseph Belcher, Scioto Furnace farmer, who was required to give a \$300 bond to keep the peace after he had admitted making threats against Moore because the latter persisted in keeping company with his Belcher's 19-year-old daughter, over the objections of the father and despite frequent warnings to stay away from the Belcher home.

## The Most Dependable Range Ever Built For Gas and Coal Combined. Uses Less Fuel Than Any Other Range. All White Porcelain \$95.00

This remarkable range takes up just 37 inches of floor space in the kitchen, and has cooking capacity enough to feed twenty people, but uses less gas and coal than any other range made.

Other ranges made for using coal and gas combined have special flues and extra dampers, which cause trouble. This new Equity Range has no special flues, no extra dampers. Any one can operate it. No instructions are needed. It is the simplest possible combination of two of the oldest and most successful principles of construction known to the stove industry, but we are the first to apply it and have applied for patents.

### A \$175.00 Value for \$95

This range made of the most substantial materials and finished in all white porcelain.

Also made in semi-porcelain and Black finish. **\$75.00**

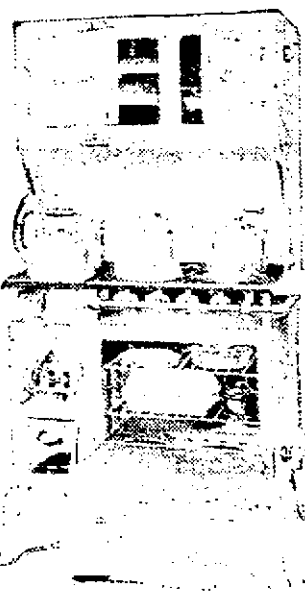

On account of the uncertainty of the gas supply this is the range to have. You are always ready for any emergency. The coal section is handy at any time for burning up rubbish, and the top oven makes a fine warming closet, using the excess heat from the lower oven.

Come to the factory and see this range and have every feature explained to you. Also on sale by Youngman Sales Co., 926 Gallia, or Burkhardt Plumbing Co., New Boston.

Other styles of Equity Gas Ranges on display from \$18.00 up. Factory Prices save you \$20 to \$80 on each range.

# Miss Dolly Wise

She is here to answer any and all questions concerning love, matrimony, troubles, woes, etiquette, etc. Inquiries should be addressed to Miss Dolly Wise, care The Daily Times, Portsmouth, Ohio.

Probably you are quick to understand men and when they tell you something, give a sympathetic response. Many girls are so wrapped up in themselves that they forget to be interested in the affairs of their friends. Personality is far more necessary in keeping friends than to be pretty.

**HENRY**—I cannot offer you any advice with such a limited knowledge of your condition. You should certainly see a physician at once and have him prescribe.

**CLARENCE**—You should let the matter drop. To bring it up again would make bad matters worse. It shows such low taste to wink at a woman that I hope you have learned your lesson.

**BLUE EYES**—I cannot furnish you with the addresses, and if I could I would not. Such a correspondence would be decidedly improper and unladylike.

**MABEL**—If the boy is no better than you say he is with other girls I would advise you to let him go entirely. Your girl friend as well as you, will profit nothing by such a friendship.

**BRIDE-ELECT**—A card or note of

thanks should be sent to the fiancé's relations when a gift is received. The bride-elect expresses appreciation for herself and for the man she is to marry, but her name is only signed. It is also correct to answer letters of congratulations. Usually this is done after the marriage has taken place.

Dear Dolly—I am a young widow and since my husband's death I am very lonely. Before my marriage I went with a very nice young man and we have always been good friends ever since. He is also married, and I would like to know how I could let him know that I am free now, and he can make my life as happy as he chooses, without doing anything improper.

**LONEROME WIDOW**—The man belongs to another woman now, and you have no right to expect anything from him. How would you have felt when your husband was living if some old sweetheart of his let him know that she was free to have him make her life happy? You would have had a fit, I suppose. If you want a man to amuse you, go after some old bachelor or widower. By the way I know a perfectly nice widower who is looking for a wife and if you will send me your name and address I will see that you get acquainted with him.

Mrs. James E. Breece entertained very delightfully on Thursday afternoon at her attractive home, 1720 Hutchins street, as a social courtesy to Miss Helen Dowling, whose wedding to Mr. Howard E. Baughman will be one of the charming social events of June 5th. The affair took the form of a bridge-ten and the guest list included sixteen special friends of the honor guest, who presented her with a generous fruit shower of preserved fruits and jellies. Four tables of bridge were in play during the afternoon and at the conclusion of the games prizes for high and low scores were awarded to Miss Madeline Revare and Miss Lena Hauck.

A salad course was served at attractively appointed tables to Mrs. C. E. Dowling, Mrs. Lee Hamner, Mrs. W. E. Clayton, Mrs. H. E. Cook, Mrs. David Williams, Misses Elizabeth Dudant, Edna Hauck, Elaine Johnston, of Oklahoma City; Dorothy Berndt, Elizabeth Armstrong, Ruth Streich, Lena Hauck, Madeline Revare, Katherine Herms, Gladys Selby and Helen Scott.

Rev. Charles E. Serenighaus, pastor of the Franklin Avenue M. E. church, will conduct religious services at the Home for Aged Women Sunday afternoon at three o'clock. The services will be held one-half hour later than usual, and those who are planning to attend them are asked to govern themselves accordingly.

Dr. P. D. Parks went to Columbus this morning for a week-end visit with friends. He will return home Monday.

Mrs. E. L. Guilick, head of the Aloha Camp for Girls in Vermont, will be the week end guest in the home of Mr. and Mrs. James W. Bannan Jr., Bannan Place. Mrs. Guilick will arrive Saturday morning and will bring with her slides of Camp Aloha and Camp Lanakila for boys, which is located at Fairlee, Vermont. These pictures will be shown in the Lyric Theatre on Saturday morning at 10:45 and all parents who are interested in girls and boys camps are invited to attend. Misses Joan Pursell, Persis Bannan and Gladys Doty of this city, have attended Aloha for the past few summers, and will be joined this summer by Jane and Esther Carlyle, twin daughters of Mr. and Mrs. G. E. Carlyle, of Second street.

Rev. and Mrs. Charles E. Serenighaus cordially received the members of the Ladies' Aid of the Franklin Avenue M. E. church Thursday afternoon at their home on Baird avenue.

The meeting opened with devotionals, led by Mrs. Edward Brehmer, vice-president of the society. It was announced that the proceeds of the Easter bazaar amounted to \$42.77, which was very good, considering the many sales held on that day. After the routine business was disposed of the meeting adjourned to the social hour when delicious refreshments were served by Mrs. Serenighaus and her assistant hostesses, Mrs. Martha Deasler, Mrs. George Carroll, Misses Dollie Blomeyer and Elizabeth Metzger, of the thirty-four members and guests present.

At seven-thirty this evening, the newly organized Citizens' Girl Scout Troop will meet at the headquarters of the council, third floor of the Royal Savings & Loan Company building on Gallia street. Scoutmistress Miss Mildred Fisher urges all members to be present as business of importance will come up for discussion. The Citizens' Troop is composed of older girls who were formerly members of the Girls' Community Club.

Miss Bess Cofer presided as hostess to the members of the J. G. C. Club last evening at her home, 1045 Grant street. The time was pleasantly occupied in sewing, music and social chat. At the close of the evening Miss Cofer, assisted by her mother, Mrs. Alice J. Cofer, served an appetizing two course lunch. The appointments were in keeping with the Easter season and dainty little Easter novelties were given as favors.

The members present included the Mesdames Betty Vaughn, Helen Frank, Lillian Mitchell, Minnie Frank, Mrs. Harriet Mitchell Mumper, Miss Bess Cofer and her mother, Mrs. Alice J. Cofer.

The next meeting of the club will be with Miss Lillian Mitchell, in two weeks.

## Adventures Of The Twins

BY OLIVE ROBERTS BARTON

"What did you come to tell me?" asked the Cut-Out Lady.

"We came to tell you," said Nancy, "that the Fairy Queen would like you to sew the Gingerbread Man's buttons on straight."

"Well I declare!" exclaimed the Cut-Out Lady. "Having no heart, I'm not the least bit offended, of course. But I am surprised. I didn't know I was sewing them on so very crooked. Is that all?"

"Yes," answered Nancy. "You see it makes the Gingerbread Man feel crooked himself when his cut buttons are crooked and he makes crazy laws for all the Sugar Plum Landers. The last law he made was that all the people should stand on their heads for a week."

"I'm!" said the Cut-Out Lady thoughtfully. "I didn't do it. I didn't hear the law. It must have been told to me on my dead side. Having only one ear, I can't hear out of the other. And I suppose that's why I sew crooked, too. Having only one eye I can't see out of the other. What happened?"

"Nobody obeyed the law," said Nick.

"What! Did nobody obey the king? I feel myself getting cross again. It's that word late printed on me where my heart ought to be. You'd better paste that heart on me, now that you brought it."

Then Nick reached in his pocket again and mumbled the other side of the Cut-Out Lady that he and Nancy had cut out of the picture book.

"The minute she saw it, the Cut-Out Lady began to tremble with joy. She trembled till she cracked."

"Oh, oh, oh! What dears you are! I'll have two good sides now and a heart between. Now I can love people and never get cross again. And having two good eyes, I'll never sew crooked again, either. Please begin at once."

The Twins soon had her other side pasted on and the sugar heart where it belonged.

"Now I am a real person," she beamed. "I never expected to be so happy in my life."

## JACK DAW'S ADVENTURES

Jack Daw had seen many forests, but never one like Sugar Forest. In one long line were trees which were just loaded with sparkling white lumps of sugar. As Fudge walked up to one of these trees a little sugar lump said, "Oh, you're just in time to help me down." And others shouted, "Me too!"

Fudge, of course, was too short to reach the lumps of sugar, so Jack reached up and picked several of them off the tree. As he put them on the ground they bowed politely and then scampered away as fast as they could go. "What makes these little fellows so happy?" Jack asked Fudge.

"Well," said Fudge, "they want to have all the play they can before they are melted away. You see, some day each little lump will be dropped in a cup of coffee and that's the end of the lump sugar." Then Fudge suggested that they visit some of the maple sugar trees. (Continued.)

## Buys Hat For Another Man's Wife; Row Is Started; Arrests Follow

Arrested by the police for keeping a house of prostitution as the result of a fight in her home at 1203 Waller street, yesterday noon, a woman giving the name of Mrs. Delphin Cooper, 30 years old, was convicted at a hearing in Municipal court Friday and she was fined \$59 and costs.

Evidence adduced at the trial revealed a shocking condition existing at the house. Mrs. Alice Tackett, 19, and Mrs. Dora Fletcher, 17, were the names given by women who were also caught in the raid.

The evidence disclosed that the trouble yesterday grew out of Roy Robinson, 24, of Pikeville, Ky., giving Mrs. Fletcher \$5 with which to

buy a hat, to which the woman's husband, Leon Fletcher, objected. In the fight which followed Fletcher used a pair of brass knuckles on Robinson's head injuring him slightly. Fletcher was fined \$25 and costs on each of two charges of carrying the knuckles and fighting while Robinson drew two fines of \$10 and \$5 respectively for fighting and visiting a disorderly house. Mrs. Tackett and Mrs. Fletcher were each warned not to come back again under penalty of going to jail.

## Hodge Held To Grand Jury

The preliminary hearing of Millard Hodge, charged with stealing and selling government property consisting of army pistols from the headquarters of the local Combat Train on Third street, held Friday afternoon.

resulted in United States Commissioner J. P. Johnston binding the accused over to the United States grand jury. In default of \$1,000 bond the prisoner was ordered committed to the Hamilton county jail and he will be taken to Cincinnati Saturday by United States Deputy Marshal T. J. Donovan, who came up to represent the government at the hearing.

Homer Clowe charged with a similar offense, will be given a preliminary hearing before Commissioner Johnston Saturday morning.

## SOCIETY

St. Hilts' Guild of All Saints' church met in business and social session last evening at the home of Mrs. William Hart on Charles street. After the business meeting the remainder of the evening was spent socially. It was announced that the Guild had reached their quota of \$100 for the building fund of the new church. They are doing a wonderful work for such a small membership. At the close of the meeting a delicious lunch was served to the following: Mrs. Harry Vickory, Mrs. Anna James, Mrs. George Corson, Miss Essie Hilderbrandt, Mrs. Oscar Franck and Mrs. William Koger of Wheelersburg.

Guests for the evening included Mrs. Walter Miller and daughter, Madeline, and Miss Rhoda Greer. The next meeting will be held at the home of Mrs. Arthur Flowers on Fourth street.

## Registered Bonds Totaling Over Two Million In Loot Of St. Louis Bandits

ST. LOUIS, MO., April 6.—(By the Associated Press)—Registered bonds of the St. Louis Federal Land Bank amounting to \$2,130,900 were in the loot obtained by five bandits, who last Monday morning held up a mail truck in the heart of the downtown business section here, according to information obtained this afternoon by the St. Louis Post Dispatch.

The bonds, printed in Washington,

were being sent to the bank here. They lacked the signatures of the vice president and secretary of the bank. The bonds were in number and denomination as follows: 10 of \$40; 20 of \$100; 500 of \$1,000; 25 of \$500, and 150 of \$10,000.

The total of other bonds taken, it was learned, was approximately \$225,000 of which \$81,250 at least

were negotiable. It also was learned that shortly before the hold-up of the armored truck, ten sacks of registered mail, containing many valuable packages for large down town banks and trust companies, were delivered at Central postoffice and the bandits thus missed the pouches. They obtained nine pouches of registered mail.

## To Investigate Gallipolis Plan

## YOUNG PEOPLE'S CONFERENCE OPENS

This afternoon at two o'clock the Young People's Conference of the Portsmouth Presbytery opened at the First Presbyterian church with delegates present from Presbyterian churches in several counties.

The speakers at the opening session were Mrs. J. C. Riviera, Presbyterial missionary at Ellis Island and Mrs. C. B. Winger, Synodical Secretary of the Westminster Guild.

At 5:30 a banquet will be served to the delegates in the dining room of First Church.

At 7 o'clock a public meeting will be held, with Rev. Eugene W. Porock, of Columbus, and Mrs. E. E. Fife, a missionary from Missouri, Indiana, as speakers.

Rev. Porock will be the speaker at the closing session of the conference, which will be held Saturday morning at 9 o'clock.

## Old Time Spelling Bee To Be Held In Connection With Scioto County Fair

A county-wide spelling match and another pure-bred livestock sale were decided upon as special features for the Scioto County Fair this year, when a meeting of the Fair Board directors was held Wednesday afternoon in the Farm Bureau office.

County School Superintendent E. O. McCowen was present and reported plans having been completed for an educational exhibit that will show the kind of work being accomplished in the rural grade and high schools. The Fair Board is to furnish a tent to house this exhibit.

Mr. McCowen also announced plans under way for an old-fashioned spelling match in which close to 150 pupils from the rural and village grade and high schools will take part.

Elimination contests will be held in each grade.

Several changes were reported in the premium lists by the department heads and will be made by next Monday as the premium book goes to the printers. Chairman and Kennedy, on that date. The premium lists are to be distributed earlier this year. The sale of pure-bred livestock was such a success last year that it was decided to hold another one this year. The terms of sale and all plans for it will be worked out by a committee to be named in a few days.

## Taxes Too High; Windsor To Close

WINDSOR, Ontario, April 6.—The Windsor Jockey Club has definitely decided not to operate its park here this summer owing to heavy taxation levied by the Ontario government, it was announced today. Directors of the club called off the racing program when efforts to have the tax law amended failed.

The government levies \$1,500 a day during the racing season in addition to percentage deducted from the total play.

## 40 Kiddies Have Measles At The Children's Home. Scared? Shucks, No!

Cheer! You people who are complaining because of one or two cases of measles in your family. What's one case of measles more or less compared with what Rev. G. W. Howes, Superintendent of the Children's Home, has in prospect. Just 40 of the youngsters at the Home have been exposed to measles, the first having been "caught" while attending school at Wheelersburg.

"What are we going to do with them? Why take care of them, of course," says Mr. Howes. "We had 30 odd cases of the flu this winter and never lost a little one. We are not going to get scared unduly over 40 cases of measles."

Here's good luck from the community to Rev. Howes and all his 40 prospective patients.

## Your blood changes in the Spring. Why?

YOUR blood is thicker and more sluggish in Winter than in Summer—it has to be to keep you warm. Then comes warmer days and lighter clothes. Your blood, still thick and heavy-laden, is slow to throw off its impurities. What happens? The impurities crowd out through the skin—bolls and pimples appear—you feel sluggish and tired! The remedy for this condition is S. S. S. It is the ideal blood purifier, because the medicinal properties are purely vegetable. It is a glorious fact that

S. S. S. has given new, long-forgotten strength to older people and has made many old and young people look years younger. Blood is life—it's your foundation—make it rich—get blood strength—we all need it, especially rheumatics. S. S. S. will improve your appetite and give you greater energy, strength and endurance.

Mr. Harry C. Bachman, 4735 Main Avenue, Norwood, Ohio, writes: "I had skin eruptions—pimples and blackheads. I took S. S. S. and was happily surprised at the results I got in less than three weeks' time."

Try it yourself. S. S. S. is sold at all good drug stores. The large size is more economical. Get a bottle today!

The program will be interspersed with music and the performance promises to be one continuous round of fun and laughter.

The committee in charge is composed of St. Straus, Oscar Frank, Dr. Joseph Giff and Frank Rogers, real live wires.

## Twenty-four Years Ago

The Democrats almost swept the platter clean in the municipal election, the Republicans winning but one office on the city ticket. O'Connor, Republican, defeating Burris, Democrat, for cemetery trustee. Glidden was re-elected mayor by 31 majority over C. C. Brown; Schmitt, Democrat, won over Watkins, Republican, for marshal by 121 majority; J. S. Thomas beat Harry W. Miller for city solicitor by 52, and Jacob Yinger, Democrat, squeezed through for street commissioner by a majority of two votes over Barlow, Republican. The Democrats also elected six of seven councilmen, Grant Williams being the lone Republican elected. The Democrats were William Scott, First Ward; Herman Huels, Second Ward; John Jones, Third Ward; Mel Funk, Fourth Ward; John Brandel, Sixth, and Albert Graf, Seventh Ward. Henry Hall was elected justice of the peace without opposition. The office was later given to Barlow.

## Compromise Is Reached

William Chamnell, arrested in Springfield and returned here to answer to a charge of non-support of his minor child, was ordered released from custody following a hearing in Probate court yesterday when Judge Gilliland dismissed the complaint after it developed that the accused had been and is still incapacitated from work by a severe attack of rheumatism. By agreement Chamnell decided to his wife, Alice M. Chamnell, from whom he has been separated for some months, his interest in a farm on which the wife lives near Lucasville. Chamnell only recently instituted divorce proceedings in the Springfield courts against his wife.

## Released By Court

Bad Chapman and James McGuire, who were committed to the county jail from Municipal court several days ago, were released from custody yesterday on the order of the court. Chapman was sent over on a larceny charge and McGuire was committed on a non-support charge.

## BECOMINGNESS

INDIVIDUALITY should be the keynote in every woman's dress. After all, it is her clothes that express her personality to nine-tenths of the populace. Necessarily, in order to effect the smart individuality that bespeaks an interesting personality, clothes must adapt themselves into a becomingness that belongs to the individual alone.

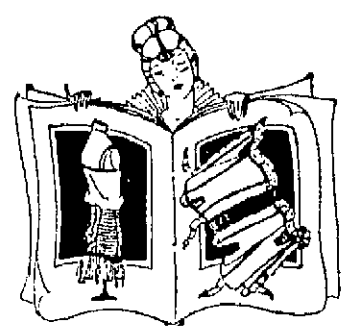

A study of one's clothing and profile, carriage and figure is just as essential as not choosing cork if it makes you look like jaundice. Style is not style if it is not becoming to the individual type, but study the mode when you study your individual requirements.

A careful inspection of the displays throughout the KLINE store will attest the authenticity of representations here, and prove that "Style" in its most intricate version may be becomingly adapted.

And as to "Price," well, there is only one thing we can say, and that is, that you and you alone can testify to its reasonableness and moderateness, and that can only be done by close comparison which we cordially invite and welcome at all times.

## Be Careful When

## Addressing Your Mail

Postoffice officials report a large volume of business this week at the office second only to that of the Christmas rush. The force of clerks and carriers has been kept busy all week with the great amount of mail to be handled. Officials say that the extensive advertising of local firms, the mailing of Easter cards, and tax returns, is responsible for the increased work.

Postmaster W. H. Harsha and Assistant Wells Crawford stated yesterday afternoon that the parcel post business was also on the boom but that the increase was most noticeable in correspondence.

It is said that there is a decrease in the number of "dead" letters received. An average of 20 such letters pass through the local department each week, a comparatively small number when one considers the thousands of pieces of mail handled.

The majority of these letters which cannot be delivered are outgoing mail from careless writers, who forget to put the full address on the envelope, who fail to place the return address in the upper left hand corner or whose handwriting cannot be read. There are some Portsmouth people who wishing to send a letter to "John Blank," No. — Vine street, "Cincinnati," will address the envelope "John Blank, No. — Vine street, Portsmouth."

Local postal officials state that many misdirected letters contain large amounts of money, some in bills and other in postal money orders and checks.

## Coroner Investigating N. & W. Accident In Which Two Men Were Killed In Local Yards

Coroner Virgil Fowler stated Friday that he had not completed his investigation of the accident in the N. & W. yards in East Portsmouth Thursday when Benjamin F. Winters of 2239 Grant street and E. C. Howard of Nantux, West Side, were killed and Forest Hardin of Walnut street was injured.

"I will not render my verdict until several more witnesses have been examined," the coroner said today. Officials of the N. & W. in an effort to place the responsibility for the tragedy, are making a thorough investigation.

When a switch was thrown and eight cars bumped into those under

which the three men were working, Howard and Winters were killed, Hardin saving himself by holding onto a trestle rod under the car.

Howard's body has been removed to his home on the West Side and Winters has been moved to the home of his brother, Henry Winters, 2239 Grant street.

Mr. E. O. Roberts returned home from a visit in Toledo with his son and daughter-in-law, Mr. and Mrs. Stanley Roberts, Wednesday evening. Mrs. Roberts stopped over in Lancaster to visit until Saturday with her sister Mrs. Will Delay.

Mr. Troy Scurlough of the Dental College in Cincinnati spent the Easter holidays in Jackson.

Mrs. Sherman Shumate spent Tuesday night in town and attended the play, "Kathleen."

The friends of Mr. and Mrs. Frank Brannon are much concerned over the serious illness of their little daughter, Helen, who is suffering from a relapse.

Mrs. Cyrus Casley of Broad street was brought home from Grant hospital on Tuesday and stood the trip very well. She expects to return to the hospital later on for a final operation for the goitre.

## PIKETON

(Winn Farmer)

The Sorosis Club will present the playlet, "A Southern Cinderella," at the opera house here Tuesday night, April 17th. The admission prices will be fifteen and twenty-five cents and the proceeds from the play will be given for the benefit of the Daily Vacation Bible School. The club hopes to be able to raise enough money to employ some person to take charge of the school next summer, who has been especially trained for that kind of work. The play was presented before the Sorosis Club at the Odd Fellows' Hall on Main street several weeks ago and those who had the pleasure of witnessing it were so favorably impressed with the play that the members of the club thought it advisable to present the play for the entertainment of the public. The cast of characters follows: Enid Charteris, Ina Cooper, Madeline Charteris, Mrs. Katherine Bateman, Miss Caroline Hawke, Mrs. Mae Willson, Miss Katherine Hawke, Mrs. Minnie Downing, Miss Rosa Winterberry, Mrs. Nell Daily, Miss Johnnie Bell Randolph, Miss Katherine Graham, Mamie Judy Johnson, Mrs. Laura Stratton.

Mrs. Olivia Rittenour was hostess to the Sorosis Club at her country home at Sargent's Tuesday afternoon. The program consisted of a series of reviews of books which are in the Sorosis Club's library. The following reviews were given: "The House of the Gables," Mrs. Rose Kelsler; "The Inside of the Cup," Mrs. Dessie Koford; "The Wasted Generation," Mrs. Cora Woods; "The Amazing Interlude," Miss Lou Brown. After the program dainty refreshments were served by the hostess and her assistants, Mrs. Joanne Rittenour and Mrs. Laura Stratton.

Messrs. Irving Stier and William Vulzmann of Portsmouth and Floyd Wayne, Brooks Snyder and Alva Lee furnished the music for the banquet given by G. W. Rittenour for his Sunday School Class at the Odd Fellows' Hall on Main street, Tuesday night.

Dr. A. B. Anderson is suffering from blood poisoning, caused by an infection in his right hand.

Arthur B. Farmer, one of Piketon's best lot poultry fanciers, has discovered a new way to help birds produce a smooth shelled egg. He had been accustomed to feeding his flock of White Wyandottes, commercial grit, and noticed that the eggs were rough and sometimes covered with white spots which made them unfit for hatching eggs. He conceived the idea of feeding his chickens small scraps of newspaper moistened with water, with the result that his chickens now produce eggs with nice smooth shells.

Mrs. Marie Patterson, Mrs. Helen Patterson and Miss Mae Patterson attended a meeting of the D. A. R. at Chillicothe Wednesday afternoon.

Esten Holt was a business visitor at Columbus Monday and Tuesday.

F. L. Jacobs and Mr. Van Winkle of Washington C. H. were business visitors in Piketon Wednesday in the interest of the Baker Lumber Co. of that city.

Dr. and Mrs. J. W. Carthell and daughter, Ann Christine, left Thursday morning for Ft. Wayne, Ind., where Dr. and Mrs. Carthell will take a post-graduate course at the Ross School of Chiropractic. They expect to return to Piketon next fall and Dr. Carthell will resume his practice here. Dr. Carthell has established a large clientele during his residence here and they regret to learn that he is leaving Piketon, but are pleased to learn that his absence will only be temporary.

# Is Your Watch a Timepiece Or only an Ornament?

HERE is nothing which violates the laws of good taste quite as much as a wrist watch worn when it won't keep time.

Yet how often a watch is selected for appearance alone, with dependability taken for granted—only to prove that it wears all its beauty and value on the outside.

It is in this respect that BULOVA watches invariably differ. Were you to select a watch for beauty alone, you would undoubtedly select a BULOVA, for BULOVA cases are the most beautiful that artists can design. But, equally important, BULOVA works are made by crafts-

men whose duty and pride it is to make accurate watches. Thus, the movement of even the least expensive BULOVA is invariably worthy of the richest setting.

When you next select a watch, whether a miniature wrist watch or a man's pocket watch—whether a \$25 watch or a \$2,500 watch—look for the name BULOVA. Having found it, you have assured yourself not only of outward beauty, but of beauty and accuracy combined—true beauty that is useful as well as ornamental.

We invite you to call and examine the watches here illustrated. Bulova Watches range in price from \$25 to \$1,500

## Referendum On Half Holiday Closing

Cards were mailed out from the Chamber of Commerce office today to all retail merchants asking the retailers to vote on a referendum on summer holiday closing.

Last year, May, June, July and August were the months during which a Thursday half holiday was enjoyed. By the referendum an effort is being made to find what months the merchants want to observe the half holiday this summer.

Members of the Portsmouth Hardware Dealers' Club are to close on Thursday during five months, May, June, July, August and September.

Members of the Portsmouth Retail Grocers' Association have been closing on Thursdays the entire year while meat markets are closed on Thursdays during May, June, July, August and September. The meat dealers are expected to take action on closing at the next meeting of the Retail Grocers' Association.

## Youngstown Authorized To Pay Loan

COLUMBUS, O., April 6.—(By the Associated Press)—The senate last night passed the bill of representation, authorizing the city of Youngstown to issue bonds to pay a judgment obtained against the city for \$100,000 by the First National Bank of that city, for money loaned to the city to pay extra policemen during the steel strike of 1919. The bill now goes to the governor.

## Workmen's Compensation Bill Headed For The Rocks

COLUMBUS, O., April 6.—(By the Associated Press)—The program of "agreed" legislation entered into between capital and labor for amending the workmen's compensation law to give higher awards to injured workmen and in death claims, and to protect employers from damage suits arising under the present "open" liability clause of the present law, appeared doomed for the rocks today. With labor's portion of the agreement passed by the house of representatives and now in the hands of the senate, capital's portion appeared to be doomed to die in the rules committee of the house without being given a chance for its life on the floor.

Notwithstanding members of the rules committee and members of the house generally were flooded with telegrams from employers yesterday asking that the constitutional amendment resolution be adopted, the rules committee early this morning refused.

## Work-Out-Your-Fine Bill Passes; Causes Bitter Debate

COLUMBUS, O., April 6.—(By the Associated Press)—The Fineprock bill, one of the last of the Anti-Saloon League's measures to come before the general assembly, and which would permit the imprisonment of women in the Marysville Reformatory to serve out fines and allow counties to employ male prisoners on the roads or other public works, today apparently was well on its way to become a law.

Passed by the senate last night after considerable opposition, the bill now goes to Governor Doudney for his signature. The vote in the senate was 22 to 11 with the Cincinnati and Cleveland delegations furnishing most of the opposition.

The entire membership from Hamilton county, including Mrs. Nellie B. Longhead, opposed the bill, while four of the Cleveland delegation of six voted no.

During the hour and a half of debate which preceded passage of the bill, its opponents charged that it violated constitutional rights, made it possible to send women to a penitentiary without a jury trial and characterized it as "class legislation which would make one law for the rich and another for the poor."

Those who urged the measure's passage denied that it violated any rights and declared that the principle of imprisonment for nonpayment of fines had been in use for more than a century. The bill, they said, was general in nature and was not strictly a prohibition bill.

An amendment by Senator Frank B. Burch, Republican, of Akron, which would have limited the application of the bill solely to prohibition cases was defeated.

Most active against the bill were Senator Burch, who said that it would "drive 'old chain gang' methods and that he could not vote for it and retain any self-respect," and Senator Thomas (R) of Hamilton, who in an attack said that it discriminated against women by permitting their imprisonment in a "chain gang" along with non-prosecutors although they had committed only minor offenses. Charges were made to the effect that passage of the bill leaves only the "penitentiary" for the Anti-Saloon League program imposed. The bill is before the judiciary committee of the house.

## "Daily Beer In Chicago"

CHICAGO, April 6.—(By the United Press)—Charges that saloons are running wide open in Chicago, and are patronized by uniformed men from the police department, were made today by Dr. Elmer E. Williams, chief secretary of the Illinois Anti-Saloon League. Williams declared that trucks from fourteen breweries carried by armed men, make deliveries to saloons daily. At one saloon a "driver squad" from the police department drives up every morning to get the day's supply of liquor, he asserted. A police officer wearing a gold braid uniform, was carried out of this place recently too intoxicated to walk, he said.

## Cult King Missing

LANSING, MICH., April 6.—(By the United Press)—Rumors that Benjamin F. Dunnell, head of "The House of David," of Benton Harbor, Mich., has fled the state were persistent here today. On a recently issued warrant proceedings have been started against the David leader to show why the cult should not be disbanded. Sheriff George Bridgman, of Berrien county, where the House of David is located, admitted here yesterday that in his attempt to serve capias on Benjamin in the case being brought against him by Ruth Bradford Bond and Gladys Bradford Bond for recovery of property, he has been unable to find the cult leader.

## Charleston Still Capital

CHARLESTON, W. VA., April 6.—(By the United Press)—Charleston today was to be West Virginia's capital city for another year at least following state senate's action late yesterday which killed a measure seeking to remove the seat of government to Parkersburg. On the second reading of the bill to remove the capital, the senate by a 16 to 12 vote, decided to postpone indefinitely action on the bill.

WASHINGTON, April 6.—(By the Associated Press)—The tariff commission today began the drafting of a preliminary statement covering the sugar price situation in reply to the president's request for information on that subject. It was indicated that probably a week would be consumed in getting together certain statistics which the commission can obtain from government sources.

## Imports Show Big Gain

WASHINGTON, April 6.—(By the Associated Press)—Preliminary estimates of the commerce department today valued imports of the United States during January at \$319,940,000 or \$102,000,000 more than the imports in January, 1922, and \$25,000,000 in excess of imports during December.

## Little Theatre Soon To Present Plays

"The Little Theatre" met last night at the Portsmouth Girl Scout Headquarters, Royal Savings and Loan building and planned to present its first series of three one act plays during the week of April 15, probably on Thursday the 19th. The plays to be presented are "The Floral Shop," "The Maker of Dreams" and "The Straw Man."

Rehearsals have been underway for sometime under the direction of Mrs. Walter Gableman, Mrs. Henry Deles, Mrs. W. E. Gault, and Lowell Ames Norris. The casts are better perfect and the special scenery designed by Architect Taylor is rapidly nearing completion.

If the P. H. S. auditorium is available on April 19, the Portsmouth public will have its first opportunity to witness the work of the Little Theatre people at that time. Tickets will be placed on sale within the next few days.

About fifty members were present at the meeting last night at which special entertainment program was presented. Edmund and Leo Krickler sang several selections. Little Miss Dorothy Kline, a pupil of Miss Pearl Eichelberger, gave several readings from James Whitcomb Riley. The program also included a solo dance by Miss Nell Gableman with Miss Anna Cramer as accompanist, and a reading by Mrs. Lena Kline Reed.

The meeting was in charge of Mrs. Walter Gableman.

## Huge Railroad Budget Approved

NEW YORK, April 6.—The American Railway Association today approved the expenditure by its members of \$1,540,000,000 for equipment, the biggest aggregate railroad budget ever recorded, then issued a nationwide appeal for cooperation in helping the roads through the heaviest transportation era in history.

Basing estimates on the unprecedented tonnage hauled in recent months, the association's experts forecast the smashing of all records in 1923, with at least 13 weeks when car loadings will exceed 1,000,000 a week and an estimated high mark of 1,680,000 cars predicted for the week of next October 20, at the height of the fall crop movement.

## Boycott Of Open Shop Planned

CLEVELAND, O., April 6.—The Chamber of Commerce committee on labor relations today sent letters to members of the chamber advocating a boycott on building as a last resort to breakdown the closed shop in the building industry.

Adopting that it "would be a calamity to stop building," the letter states that "the price is not too high to pay, if necessary to rid the city of the closed shop monopoly in the building trades."

A call for a convention May 5 and 6 of all unions in the Cleveland district to take steps for defense against "plots of enemies in secret conferences having for their object new open shop

## THE WOMAN POWER OF AMERICA

is well illustrated by the thousands of women who are entering every profession, almost every line of business and politics as well. They are bound to make good, and there is no question but what health is their greatest asset. Many women, however, develop weak, nervous conditions and cannot stand the strain of a professional or business life. Such women should remember when beset with headaches, backache, nervousness, irritability or any ailment peculiar to their sex that the greatest of all remedies for such conditions is Lydia E. Pinkham's Vegetable Compound. For nearly fifty years this old-fashioned root and herb medicine has been restoring the women of America to health and strength. It holds the remarkable record of helping 98 out of every 100 women who try it.

drives against organized labor," has been sent out by John G. Owens, secretary of the Cleveland Federation of Labor.

The chamber's letter also suggested the use of public opinion to express condemnation for those who continue the closed union shop monopoly. This is it is asserted, should lead the industry itself to take the initiative for correction.

**CONSPIRACY IS CHARGED.**  
CINCINNATI, O., April 6.—Here, and T. Kotzin and Lewis L. Stern, alias Leon L. Stern, who formerly were in business in Cincinnati as "The Success Service Company" were named in two indictments returned today by the U. S. Grand jury to Judge Smith Hickenlooper.

Conspiracy to use the mails to defraud is the charge. It is alleged that the two men advertised for partners and agents and that they obtained money from prospective partners on false representations.

## FREE TRIP LOOMS IN W. O. W. DRIVE

When W. O. W. and Circle members of New Boston, Portsmouth and South Portsmouth met in a get-together session at New Boston last night they enjoyed an address delivered by Louis Stoffel, of Cleveland, Sovereign Commander of the W. O. W. of Ohio. He remarked about the steady growth of the order, the results of membership contests held by various Camps and the big national W. O. W. event, that Woodmen's Barbecue to be held in San Antonio, Texas, July 4 when the W. O. W. Sanitarium will be dedicated.

Every member who secures fourteen new members for his Camp is entitled to make the trip free, the organization to bear the expenses. Commander Stoffel commended George A. Ditty Camp members on the active spirit shown in getting members to try for this trip. At present Clarence Munyan, G. Craycraft, Louis C. Nourse, Paul Dunn, Ray Duffel, Onville VanHous and Gardner Dayton are within a few applications of the goal. Several of these have secured ten new members.

William House, state manager was unable to be present as scheduled. His place on the program was taken by Deputy J. Cal Harris of George A. Ditty Camp. Louis Nourse of New Boston, and Deputy C. C. Milstead, Arthur Boren and Captain Lesley Janetsky of Portsmouth also made short talks. Refreshments were served.

## Mrs. Roosevelt Aids In Rescue Of Pictures Of Husband In Fire

NEW YORK, April 6.—Mrs. Theodore Roosevelt, widow of the late ex-president, braved a fire in the "Double R" Coffee House in West Forty Fourth Street today to aid restaurant attaches in rescuing two oil paintings of her husband.

Mrs. Roosevelt was the only one of fifty patrons in the place who did not flee when fire broke out in the coffee roaster under the kitchen, filling the restaurant with smoke.

Calmly holding her place, she directed the manager, Frank Sardi, and other employees to bring the canvases to place over the pictures, which were featured in the restaurant, so the firemen would not injure them when they turned their hose lines on the fire.

The fire was extinguished without damaging the portraits and caused but little damage to the kitchen, which it was confined. Kenneth Roosevelt, a son, is a part owner of the establishment.

## Complete Plans For Printers' Conference Here Saturday And Sunday; Many Delegates To Attend

That interest has been awakened among printers to the State Conference to be held here Saturday and Sunday is shown by the following telegram received today by Secretary Chas. Flynn, of the local printers' organization from J. W. Finch, Conference Secretary:

"Delegates will attend conference from Akron, Canton, Columbus, Cincinnati, Cleveland, Coshocton, Lancaster, Lima, Marietta, Marion, Newark, Springfield. Expect twenty-five delegates will arrive in Portsmouth Saturday. This does not include those delegates who attend and carry their credentials with them, but only those who have sent in the necessary notice showing that they will be present."

Visitors are expected from Ashland, Ky., Huntington, and Charleston, W. Va., and from other points in nearby states. Close to fifty delegates are expected here from all over the state in addition to many visitors. The attendance at the big banquet on Sunday noon is expected to be near the 150 mark, as many local persons have been invited including the staffs of both The Daily Times and Morning Sun.

The opening session of the state conference will be held Saturday evening at 7:30 at the Washington Hotel which will be the headquarters for the conference, held twice each year. Following the business session a buffet lunch will be served.

Sunday morning at 8:30 a business session will be held at the Washington Hotel. The main banquet of the conference will be Sunday noon, with the windup of the conference Sunday afternoon when a short business session will be held.

Saturday evening, Mayor William N. Gableman, Representative Adam Frick and Prosecuting Attorney S. A. Skelton will be the local speakers.

Prominent speakers of the craft who are expected are Conference President D. P. Rogers of Springfield; Conference Secretary-Treasurer, J. W. Finch, Cleveland; International President, John P. McFarland of New York and Indianapolis; Homer Whitler, former conference president, and now head of the Department of Industrial Relations of Ohio, and J. W. Hays, International Financial Secretary of New York and Indianapolis.

### Hotel Bill Placed Before The House

COLUMBUS, O., April 6.—(By the Associated Press)—The hotel liability bill by Senator Marshall, of Cleveland, which was concerned in a recent senate investigation of rumored irregular practices, now is before the house of representatives, having been passed by the senate late last night. The bill would require proof of negligence on the part of proprietors before guests could recover for lost or stolen property.

### Paymaster Robbed

BOSTON, MASS., April 6.—(By the Associated Press)—Robbery of a paymaster of the New England Telephone and Telegraph Company of \$23,000 was reported to the police here today.

### Helicopter Progressing

DAYTON, O., April 6.—(By the Associated Press)—Flights of more than 20 feet in height were made early this morning at McCook Field with the Debothezat helicopter.

While the flights were not of any great duration, they proved, Dr. George Debothezat, inventor of the machine said, that with the new engine which has just been installed, the machine will reach great heights, and will be capable of making short trips from one point to another.

Dr. Debothezat pointed out that as the pilot, who is Thurman E. Bane, formerly commandant at McCook Field, becomes more familiar with the helicopter, the flights are becoming correspondingly more successful.

On December 18 of last year, the first flight was made and lasted one minute and 45 seconds, during which time the machine rose between six and eight feet from the ground.

A new 200 horse power motor has been installed and with this plant, the helicopter was given its first hops Thursday afternoon. Additional trials of the machine are scheduled for this evening, when it is planned to take the helicopter up to the air for more than 100 feet.

### Garretson Resigns

CINCINNATI, O., April 6.—(By the Associated Press)—Joseph Garretson, for 24 years managing editor of the Cincinnati Times-Star, and one of the best known newspaper men in the country, has resigned, because of ill health. Moses Strauss, for many years city editor of the Times-Star, has been appointed to succeed Mr. Garretson.

Mr. Garretson has also resigned as president of the Associated Press, Ohio Editors' Association. He became ill last Friday. His present plans are to retire to his summer home at Terrace Park on the Little Miami river, and to rest quietly during the coming summer.

### Mayor Carrel In Serious Condition, Suffers Relapse

CINCINNATI, O., April 6.—A turn for the worse was noted today in the condition of Mayor George P. Carrel, of Cincinnati, who is suffering from erysipelas, brought on, it is believed, by an attack of influenza. His condition is said by attending physicians to be serious.

### Breaks Neck In Fall Off Chair

#### Son Named Executor

John Suter has been appointed by the Probate court as executor of the estate of his late mother, Elizabeth Suter, who died recently at her home in this city, leaving property with an estimated value of \$10,820.00 represented by \$6220 personally and \$4500 realty.

#### Detained From Duties

Owing to the illness of his wife, who is recovering in Hospital from a serious surgical operation which she underwent several days ago, Commissioner, W. O. Shively of Duck Run, has been detained from his duties this week, having even been prevented from attending the regular meeting of the board last Monday. He hopes to get back on the job in a day or two.

#### Judge Thomas In Fronton

Judge James S. Thomas went to Fronton Friday at the request of Judge J. J. Lacy to hear a case on the appeal docket in the Lawrence County Common Pleas court. He will return tonight and preside over a session of court here Saturday.

#### Alleges Fraud; Seeks Damages

John Q. Arthur, grocer, 1516 Waller street, is demanding \$200 damages from Fillmore Minner, superintendent of Greenlawn cemetery, for alleged conspiracy to defraud in connection with a real estate deal, in an action instituted in Common Pleas court yesterday.

In his petition filed through Attorney F. W. Moulton the plaintiff says that in October, 1916, he sold to one Albert Bliss, lot 173 in the Kinney Addition and under the terms of a certain written contract Bliss paid \$100 down and agreed to pay the remainder of the purchase price in monthly installments of \$30 each until the property was paid for, when, Arthur says he was to convey the title to the premises to Bliss. He further says that last October after Bliss had dropped back in his payments, neglected to pay the taxes and got to be considerable in arrears, he demanded that the premises be surrendered which Bliss agreed to do, it is claimed. Later, the petition charges, Musser and Bliss "entered into a conspiracy to defraud him," alleging that Musser told Bliss not to vacate and that he (Musser) agreed to defend any court action against Bliss.

#### Wife Files Answer

For answer to the divorce suit of James W. Murray, Bloom township, war veteran, Mabel Murray, Scioto Furnace, denies his charges and through Attorney T. G. Beatty charges him of neglect and cruelty in her cross petition, declaring that at the time of their marriage in 1916 she was young and inexperienced, and that he was much older than she, besides, she says, she had a child and that Murray promised to care and protect her and her infant boy. She further asserts that Murray "persisted in marrying her," and claims that after the marriage, instead of being kind and considerate of her, she complains that he mistreated and abused her, constantly cursing and quarrelling with her and that he has failed and refused to provide for her for more than three years, although he received a pension of \$72 a month from the federal government and is well able to do so. She asks for the divorce and for alimony.

#### Short Seeks Divorce

Eldridge Short, 2021 Gallia street, charges cruelty and willful absence in his suit for divorce filed in Common Pleas court Friday against Corn Short, now living at 329 Twenty-fifth street, Huntington, W. Va., whom he married at Winchester, Ky., in April, 1914.

In his petition filed through Attorney Joseph T. Micklethwait the plaintiff says that the defendant so conducted herself during the time he lived with her that it was impossible for him to live with her and claims that he was compelled to and did leave her in November 1918, since when they have lived separate and apart, he says.

**Alleged Board Bill Jumper Arrested**  
Sheriff Harry Dunham was notified last night of the arrest by the Columbus police of James Evans, alias Hamilton, wanted here for alleged jumping a board bill recently, and Deputy Sheriff Henry Clark went to the Capital City Friday to return the prisoner here to meet the complaint which was sworn out in Municipal court.

#### To Administer Estate

A. B. Jones, Olway, has been appointed by the Probate court to administer the estate of the late George R. Hazebaker, French Creek township, former, who died March 13 last, at his home near Olway leaving property with an estimated value of \$7750 represented by \$4250 personally and \$3500 realty.

## Death Invades Home Second Time; Aged Wife Goes To Join Husband

Death which entered the Charles Hester home, 213 Jefferson street last Sunday night at 9:30 o'clock and claimed John W. Hester, 80 years old, returned to the home again last night and removed the wife and mother, Mrs. Sarah Ellen Hester, who passed away at 11:30 o'clock. Funeral services for Mr. Hester were held Wednesday afternoon. Mrs. Hester had been ill with dropsy and heart trouble for many

weeks. For the last twelve weeks she had found her only comfort in sitting up in a chair. Thursday when it was realized that her condition was critical and that the end was near, she was returned to her bed, where the end came peacefully late last night.

Mrs. Hester was born in Bainbridge, Ross county. Her maiden name was Sarah Ellen Green and she was 50 years, one month and one

day old. She was married in Chillicothe to John W. Hester and most of their life was spent in that city. Both came to Portsmouth nine years ago to make their home with their son and daughter-in-law, Mr. and Mrs. Charles Hester.

The one son, Charles, survives, the deceased being the last of a family of three boys and two girls.

Mrs. Hester was raised in the Baptist faith and remained a firm be-

liever in her Master until the end. Funeral services will be held from the home, 213 Jefferson street, Sunday afternoon at two o'clock, with Rev. G. Monroe Howerton, of the Central Presbyterian church, in charge. Burial will be in Rushtown cemetery.

### STORM WRECKS TOWN

WASHINGTON, April 6 — Two men were injured in a severe windstorm which swept Silver Spring, Md., and vicinity today. One house in the village, which is near here, was demolished, and a dozen more damaged.

### "CIVILIAN CLOTHES" MAKES BOW TO PORTSMOUTH AUDIENCE

The Jack Ball Players again demonstrated their superiority in comedies of the lighter vein with the production yesterday of Thompson Buchanan's delightfully charming comedy, "Civilian Clothes." The Players, too, knowing the end of the engagement is near, seemed to be inspired with the thought of the closing of the season and put "pep" and more energy into the roles. This piece is what each member could do. It is an admirable play to give Miss Lewin, Mr. Whitaker and Miss Sargent an opportunity for excellent work. Her work as the spoiled, petted, snobbish daughter of the rich, who had to have a little sense pounded into her by her plebeian husband, was the best we have seen her in. George Whitaker, as the "Sam McGinnis," gave a most excellent and finished performance of the returned soldier, who accepts a position as butler in his wife's home to learn manners and to cure her of her snobbishness. He gave the most

## New Gland Fluid Injected Revives Dead Persons

CHICAGO, April 6 — A new method of resuscitation by the injection of fluid from the adrenal glands directly into the heart, credited with reviving persons who have been pronounced dead was explained in reports read last night by Dr. L. W. Crile of Chicago to a joint meeting of the Chicago Medical Society and the Chicago Society of Anesthetists. Dr. G. W. Crile of Cleveland was credited with pioneering work with his report in the researches.

The physicians read reports of cases explaining the revival of persons, they said, who had been dead as long as thirty minutes. In some cases the physicians said, the patients who had been pronounced dead were revived again at intervals and ultimately recovered completely.

**Injected Into Heart.** As described by Dr. Crile the method calls for the injection of large quantities of adrenal into the heart by use of a hypodermic needle. Sometimes, Dr. Crile said, resuscitation was assisted by manipulation of the heart in the hands, respiration aided by mechanical reproduction of breathing processes.

Life can be restored by this method provided the cause of death can be removed quickly, Dr. Crile said.

"With prompt and fearless treatment the patient may be made to live again. So far I have used the treatment only in cases of persons who were pronounced dead, not only by me but by other doctors. Hereafter I propose to employ it on persons who are dying."

### Baptist Meeting Ends This Evening

With this evening's session which starts at seven o'clock the mid-year meeting of the Portsmouth Baptist Association which convened Thursday afternoon at the Berean Baptist church, Sciotoville, will come to a close. The main address of the evening will be by Rev. Miss Edna M. Coleman, assistant pastor of the First Baptist church who will have for her subject, "Going All the Way With God."

This morning Rev. L. N. Kayser of Calvary Baptist church led the devotionals after which several ministers and laymen joined in the discussion of the topic "Deepening Christian Life." Rev. S. P. Stupp of Wellston, Mo., was the speaker.

At this afternoon's session Rev. Kayser had charge of the devotionals after which Rev. H. Stewart Tillis of the First Baptist church, Portsmouth, who is Moderator in charge of the meetings, led in the conference on "The Christian Walk." Clayton Mitchell of Portsmouth talked on Baptist Young People's Work and Rev. P. H. Hughes of New Boston had for his subject, "How to Secure the Promised Inheritance."

Thursday evening's session included music by the male quartet of the First Baptist church and an interesting talk on "Christian Stewardship." At the opening session yesterday afternoon Rev. Overstreet delivered the address of welcome to which Rev. Tillis responded. Rev. Harrison spoke on "The Rural Church" and T. D. Smith of Portsmouth had for his subject, "How to Conduct a Bible School."

The attendance at the mid-year meeting has been very good. Baptist churches in Portsmouth, New Boston, Sciotoville, Wheelersburg, Wills Station, Wellston, Jackson, Coalton, Union Furnace and other rural points being represented.

### DEATH CALLS E. B. WILLARD

TRONTON, O., April 6—Eugene Bondine Willard, age 81, native of the Hanging Rock Iron region and member of one of the oldest American families died this morning at six o'clock at his home on Sixth and Jefferson streets. The end came peacefully and quite suddenly. He had arisen at about six o'clock and was sitting on the edge of the bed when stricken. He had similar attacks previously but had rallied and regained strength. The news of the demise of Mr. Willard here widespread sorrow and grief to all who knew this man of sterling qualities and great accomplishments.

Eugene B. Willard was a citizen and a soldier, having served with the 1st U. S. Infantry, in Co. H. He was married July 22, 1868, at Trontion, Ohio, to Alice Valentine and to that union seven children were born. They were: Mary Willard Lambert, of New York City; Eugene B. Willard, Jr., deceased in 1907; James O. Willard, of Woodlawn, Pittsburgh, Pa.; Alfred S. Willard, of Portsmouth, O.; Ruth W. Johnston, of Bessemer, Ala.; Mrs. Anna Willard Irish, of Trontion, and Miss Alice Willard, at home.

In October, 1885, a few months after his return from the war, Mr. Willard became clerk at the Buckhorn furnace in Lawrence county, in August, 1895, he went to the Ohio Furnace in Scioto county, owned by Means, Kyle and Co., to serve as clerk. This company was owner of the Ohio and Pine Grove furnaces and was at that time the strongest and most progressive company in the business of making charcoal iron in the Hanging Rock region. In May, 1898, Mr. Willard entered the general offices of the company at Hanging Rock as general bookkeeper and cashier, remaining with the company as cashier, general manager and president by successive promotions until October, 1902. It was this company that built the Hamilton coke furnace at Hanging Rock in 1884-85, and thereafter the manufacture of coke pig iron was its principal business. After nearly forty years of active connection with the furnaces and related industries of this region Mr. Willard resigned and ceased active business in 1902.

every night and was curious enough to come in and see how you can sell shoes cheaper than the other fellow,—is what I hear every day,—but that isn't a fact, I have been told on several occasions that they have seen the same shoes priced higher, which I happen to know is the case. Over twenty years of buying shoes gives me a large acquaintance with manufacturers and salesmen and having represented several factories in past years gives me an inside knowledge of what can be done—for instance I have one manufacturer of high grade men's shoes who makes me genuine calf and kangaroo shoes that I sell for seven and seven-fifty,—real honest to goodness shoes and oxfords.

Better get curious and come in and convince yourself.

## GIANTS GIVEN HIGH RANK

BY HENRY L. FARRELL  
(United Press Sports Editor)  
NEW YORK, April 6.—(United Press)—To win the 1925 National League pennant and their third championship in successive years, the New York Giants will have to beat two very formidable rivals in the Cincinnati Reds and the Pittsburgh Pirates and a third threat in the St. Louis Cardinals.

Perhaps it is not a question so much of what the Giants will do as it is what the results of the season will be. The Giants are well known by recalling their 1922 performance when only once, during the week of July 22, did they relinquish their hold on first place after they slumped around the first week in getting started.

It might be argued that the Giants are no stronger this spring than they were last April, but it cannot be denied that they are no weaker.

If Jimmy O'Connell lives up to his \$75,000 price tag in centerfield, the Giants will be much stronger. If he fails the club will be no weaker, because McGraw has Stengel and Cunningham in reserve and they filled the bill acceptably last year.

Another big factor in considering the strength of the team centers around the legs of Heinie Groh, but even if the under-pinning of the little third baseman goes bad on him again, McGraw would not be in desperate circumstances, because he is well fortified with reserve material that has been tried out in actual combat.

Much, of course, depends on the pitching staff, but after the stunt that McGraw pulled last year in winning the pennant with a staff of perfect misfits, it is no exaggeration to predict that the Giants' leader can go along with any kind of pitching.

If the Giants' hurlers do not improve this summer, it is almost impossible for them to be more unreliable than they were last year. Chances, however, are that McGraw will not have the worries he staggered under last season.

The Giants' leader has many gambles among his hurlers, the most advertised of which is Jack Bentley, for whom the Giants gave Baltimore \$65,000. If Bentley delivers, McGraw will have the best left-handed pair of workers in the league, with the possible exception of the Bentley-Rixey Cincinnati combination.

Looking over the other pitchers, it would seem that Nott ought to improve, if he is not worked so much. Scott should be a big help, if he stays in condition and works all season as well as he did in the dying days of the last pennant race. McQuillan is an uncertainty, with the potential

quantities of a twenty-game pitcher. The Barnes brothers are hard to figure, but they have to improve, if there is any change in them. In young Jonnard, McGraw has placed great hope. He has had promise all along and it seems this spring he has arrived. McGraw also is very optimistic about two rookie pitchers, Webb and Walberg, and the Colgate College hurler, Blume, might deliver.

All in all, it looks that the Giants staff, if it is no better, is not worse than it was last year.

## WALSH HAS TAKEN EVERS' OLD JOB

Ed Walsh, former White Sox pitching star, more recently an American League umpire, is back again with his old team in the role of coach.

Walsh is taking the place of Johnny Evers as assistant to Kid Gleason.

Walsh will look after the White Sox pitching staff. If Ed is able to impart his move to first base to the recruits on the staff, American League umpires are going to be kept busy, as Walsh had a move to first that caused more woe for the umpires than all the other pitchers in the league.

## Waits Signs With Missouri Team

Floyd Waits, former N. and W. brakeman, who was one of the star performers of the classy Industrial league last season, has caught on with the Springfield (Missouri) club of the Missouri state league, and he has made such a fine showing in the practice games there for the past three weeks, that he has been assured of one of the regular berths on the team, according to word obtained by local friends.

Waits is a natural hitter and he is predicted that his rise in the profession will be rapid. He formerly played with the N. and W. team and took up many a close combat by his long wallowing.
